ASSEMBLY INSTRUCTIONS:
We recommend that two adults work together to assemble this game.

- 1) Open the carton of your new table game near where you will play. Select a clear level floor. This game requires at least two adults to assemble the table.
- 2) Remove all the contents from inside the carton and verify that you have all listed parts as shown on the Parts List.
NOTE: The player rods are pre-assembled. We suggest that you use the bottom carton as a clean flat working area to protect the game. Carefully cut or tear the four carton corners so that the bottom is now your work area.

FIG.1.

Slide the Player Rods (#15 through #20) through the Player Rod Bushing in the order shown in FIG.1. **NOTE:** Make sure that the player rods are installed properly. The players for each team must be facing the same direction.

- 4) Now slide the other Side Apron (#1) over the other ends of the Player Rods with the slotted side facing inward.

FIG.2.

- 5) Slide the Playfield (#3) with graphics facing down as shown in FIG.2. If the field does not slide smoothly, check to be sure you have not over tightened any screws or the playfield is not caught by the slot.
- 6) Attach one End Apron (#1) between the Side Aprons (#2) using two of Washer Head Screws (#13) per side.
NOTE: Leave connections loose - Do not tighten screws securely at this time.
